LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

### Disaster Management Community In Undp

UNDP's support to Urban and Community Risk Management is aligned with all priorities of the Sendai Framework on DRR and helps foster implementation of disaster risk reduction at the local level. From 2005 to 2015, UNDP provided local and urban risk management to at least 75 countries, resulting in a better understanding of local governments and communities of the risks they are exposed to, as well of how to build on their capacities, knowledge and culture in efforts to reduce and manage risks.
