But the third, that gentlemen prefer blondes, may actually have some grounding in truth. For years, scientists have argued over why, in numerous studies, men seem to prefer blonde-haired women. Some groups have suggested that this preference is due to the perception of rarity, since worldwide around 2% of people are naturally blonde.

The data shows that the old adage about gentlemen preferring blondes is a myth, as match's male members were more likely to opt for a long-haired brunette with blue eyes. The belly button piercing is now well and truly a thing of the past, with today's men admitting they have hankering for a strategically-placed tattoo instead.
