On the outside Ophthalmic Pocket Companion appears to be just what I was looking for: a small (5½" by 8½") book that will not weigh down the pocket of my clinic jacket and promises to jog my memory when I know I learned something but can't remember that one nagging detail. Since I often travel to an inner city clinic and do not have the luxury of referring to the ophthalmic texts sitting in my office, I felt this book might be just what I was looking for.
